Year 2 – No (Not chosen councillors yet)
Year 3 – Yes (Poppi and Holly G)
Year 4 – Yes (Noah and Nicole)
Year 5 – Yes (Albie and Nevaeh)
Year 6 – No/Yes(Maisie and Taylor)
Mrs R Royle

Minutes

School Councillors Visit to see the Mayor – Friday 11th October 2019.

As the school councillors are going to visit the mayor at the council chambers on Friday 11th October, Mrs Royle asked the eco-councillors if they had any questions they would like the school council to ask the mayor on their behalf?

The following questions were put forward:

1. What inspired you to be the mayor?
2. Could big plastic bottles be used more creatively? Such as for wrapping round railings in local parks and putting doggy bags in them. This was an idea that one child had seen on Newsround.
3. Could there be more recycling bins in parks and along the streets as there only seems to be black bins for the public to use.
4. Is more being done to get better at recycling ALL plastic not just some?
5. Are our rivers and streams being protected from plastic/oil/rubbish pollution?
6. Will there be snow ploughs during the winter months to clear away heavy snowfall rather than just gritting roads and pavements?

Litter Picking Timetable

Mrs Royle suggested that the Eco Council meet once every half term to carry out litter picking duties. It was agreed that the first litter picking session would take place next Wednesday at 1pm (after children have finished their dinner).

The next meeting will take place in the next half term – Autumn 2. Date to be confirmed. Need to discuss 'Switch off Fortnight'.
